1. On 5 and 6 August 1951, a total of three troop trains left Luckenwalde for Neustrelitz and Pasewalk. On 10 August, one troop train from Templin and another from Cranienburg were observed en route to the Jueterbog area. On 15 August, two troop trains left Neuruppin for Forst Zinna, while on 17 August two other trains of troops returned to Neuruppin from Forst Zinna.*
2. On 6 August, one troop train was observed en route from Potsdam to Neubukow. On 10 August another troop train went from Jueterbog-Altes Lager to Neubukow.**
3. Between 15 and 17 August, three troop trains were dispatched from Wittenberg,-- two to Spereberg and one to Jueterbog.***

25X1A ☐ Comments:

*All of these trains carried components of the Second Guards Mechanized Army between their posts and the Jueterbog-Luckenwalde training area. The rotation program began the end of June.

**The trains probably carried AAA units to the Wustrow firing range.

***It is believed that these trains carried the headquarters engineer units of the Third Guards Mechanized Army which have been concentrated in the Wittenberg area for training on the Elbe since the end of April.
